

# INSTALLATION INSTRUCTIONS

**Part# KPBZ73HD**

## **Input Shaft Repair Kit**

**Fits: FORD 6.9L, 7.3L Diesel Engines  
with Manual Transmission.**

- 1. The prep for this repair requires removing any large burrs from the input shaft with sandpaper.**
- 2. Install the sleeve, place the sleeve into the installer and drive it onto the damaged input shaft.**
- 3. Install the bearing, place the lip of the bearing into the installer and drive it into the crankcase until the installer is flush with the crankcase.**
- 4. Install the clutch assembly.**

**BEFORE**

**AFTER**
