

## INSTALLATION INSTRUCTIONS

Part# KPBD57HD

### Input Shaft Repair Kit

For Dodge 4.7L, 5.2L, 5.7L and 5.9L Gas Engines with New Process 3500 and 4500 Manual Transmissions 02-08

The prep for the input shaft repair of this kit requires two things. Remove any large burrs from the input shaft with sandpaper. Remove the needle bearing support housing out of the crankshaft. To install the sleeve place sleeve into installer with the step toward the input shaft, then drive onto the input shaft. To install the bearing place the lip into the installer and drive into crankshaft until the installer is flush with the crankshaft. Install the clutch assembly.
